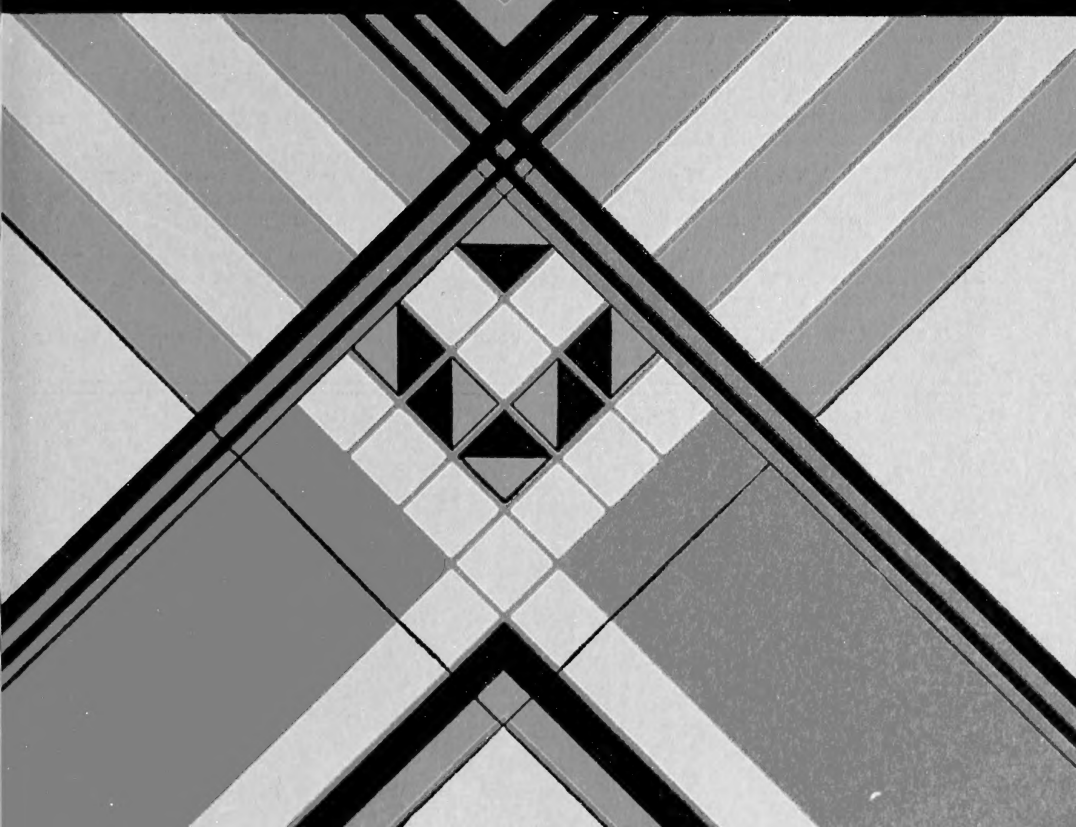
Tingle's
Nursery Catalog

The Tingle Nursery Co.
Pittsville, Maryland



Read Before Ordering.

Our farms where we grow our stock are located on the Eastern Shore of Maryland, between the Atlantic Ocean and the Chesapeake Bay where growing conditions are ideal for producing as good nursery stock as can be grown.

PACKING. No expense is spared in packing each order, large or small. We have been growing and shipping nursery stock twenty seven years and the experience we have gained in this time is used in packing your order.

IT IS EASY TO ORDER. Just fill in the enclosed order blank, being particular to specify just what is wanted. Your name, post office and shipping point should be plainly written to avoid mistakes. If in doubt as to whether your stock should go forward by express, freight or parcel post, leave it to us and we will use our best judgment. Prices are F. O. B. Pittsville, Md., and do not include transportation charges except as noted. We find delivery by freight trucks very satisfactory and reasonable.

RATES. Five or more at ten rate, fifty or more at hundred rate, five hundred or more at thousand rate, unless otherwise specified.

TIME TO ORDER. As soon as convenient after receiving this catalog, for late in the season we may be out of some varieties, but if you order early you will get just what you want, without any trouble or delay. Stock will be reserved and shipped at the proper planting time, or when you specify. We do not substitute unless you give us permission and when we do we try to send you something we think you will like as well or better. We suggest naming a second choice when sending your orders late in the season. But, remember we do not substitute without your permission.

TIME OF SHIPMENT. From October 15th to May 15th and even later sometimes. Peonies are shipped beginning August 20th and all during winter and spring but we advise early fall planting for them. We will use every precaution in our power to put stock through in good condition. If you leave time of shipment to us we will use our best judgment as to the best time.

PAYMENT. Money Order, Registered Letter, Bank Draft or Personal Check in full payment with order, or one-fourth with order and C. O. D. for balance, unless you have satisfactory credit relations wit us or furnish satisfactory references as to your being entitled to credit; then our terms are 30 days net.

TRUE TO NAME. We use every precaution to have our stock true to name, but in case any should prove otherwise we will replace it or refund the amount paid, but in no case will we be responsible for any sum greater than that paid us for the stock.

YOU ARE TAKING NO RISK. We send just what you order or refund your money, unless you tell us to substitute your order with the nearest to it we have, should we be out of the varieties you order.

ALWAYS REMEMBER. We are at your service and will always be glad to hear from you and will give you any assistance we possibly can.

Asparagus Were Fine

Malta, Ohio, May 6, 1933. The Asparagus roots arrived on Friday morning and were fine roots.
John E. McDaniel.

This Indiana Grower Was Pleased

Bluffton, Indiana, Nov. 16, 1933. The shipment of stock was received yesterday and am well pleased with it.
Isaac Santon.

Distance Is No Barrier

Corning, Calif., Feb. 20, 1933. The stock ordered from you arrived today in perfect condition and is as nice a lot as I ever received, in fact better, and the count was over on all varieties. I wish to compliment you on the way the stock was packed as it was as fresh as if it had just been dug. Hope to give you a larger order next season. C. W. Dygert.

Entirely Satisfactory

Sewickly, Pa., Nov. 28, 1933. The plants were received in good condition and are entirely satisfactory. Enclosed find stamps to pay balance of postage you paid.
L. C. Wurdack.

Arrived Safely In Good Condition

Huntington Valley, Pa., Nov. 9, 1933. Your shipment of nursery stock arrived safely and in good condition. Thanks a lot for your service and also for your generous quantities.
Wm. A. Lechler.

She Can't Thank Us Enough

Portland, Oregon, October 19, 1933. I received the stock in fine shape and can't thank you enough for sending me such lovely stock for the price. When I want more will give you the order. Mrs. J. Floyd.

To Our Friends And Customers

We, like most other nurserymen, usually reserve a page to tell you about the quality of our stock, the kind of service we render, and a little talk in general. We can use one page or half the book in telling you why it will be to your interest to place your order this season with The Tingle Nursery Co. but if we did not render you the service and send you the kind of stock you expected it would not have amounted to anything in helping us get your future orders. Therefore, we are going to let some of our customers tell you how we treated them and the kind of stock they received from us. We will try just as hard to please you as we did them.

Is All We Claim For It

Altoona, Pa., May 18, 1933. The nursery stock reached us in good condition and the stock is all you claim for it. H. S. Riddle.

Received In Good Condition

Bainbridge, Pa., April 29, 1933. Received your plants in good condition. Am pleased with them. M. Z. Miller.

They Have Been Very Nice

Powell, Pa., April 24, 1933. Please send the following strawberry plants. The orders received from you people have been very nice. Ethel Richey.

Thanks For Prompt Service

Harlem, Ga., April 20, 1933. Order received today. Thanks for prompt service. Mrs. A. D. Anderson.

May Hear From Neighbor

Washington, Pa., April 21, 1933. The box of plants came in good shape. Very nice stock. Thank you. Yo may hear from my neighbor. J. E. Wallace.

Our Packing Saves You Money

Mishawaka, Ind., April 20, 1933. My stock arrived just fine and I appreciate the way you pack as my express on your order was a little over $3.00 on a $50.00 order. Mrs. Ray R. Hunt.

Well Packed And Arrived Fresh

Belvidere, Illinois, September 23, 1933. The stock ordered from you came in good shape. They were well packed and appeared fresh and healthy in every way. Thank you for your attention to my order. Fred C. Keeler, Superintendent of Schools.

And He Wanted Some More

Pulaski, Va., Dec. 2, 1933. The recent order of shrubs arrived in good shape, and are nice stock. Mrs. Hurst is well pleased. Please ship the following order by express at once. Sam N. Hurst.

Pleased With Size And Root System

Parkersburg, W. Va., Nov 28, 1933. Received the shipment of plants yesterday. Was very much pleased with size and root system. They arrived in good shape though they had been in express office a day and a half before delivery, account of Sunday. Will be pleased to recommend your nursery to any of my friends. Thanking you for the good stock you sent, I remain H. E. Mayhall.

Second Order As Good As First

Parkersburg, W. Va., Dec. 9, 1933. The plants received today and came through in good shape. The plants seem to be up to the quality you sent me before. I thank you for the liberal amount you sent. H. E. Mayhall.

Everything In First Class Condition

Demarest, N. J., April 20, 1933. Your order received and everything was in first class condition. Mrs. E. Pauly, Sec. Demarest Garden Club.

Arrived In Best Of Condition

Buck Hill Falls, Pa., May 29, 1933. My order reached me on the 25th in the best possible condition. The man who planted the things for me, a person with considerable gardening experience, said he had never seen things arrive in better condition. I shall be glad to order from you again as the need arises. Miss H R. Hallowell.

To Alabama In Good Shape

Bessemer, Ala., Nov. 27, 1933. Wish to advise that I have received the shipment of stock ordered, and that they arrived in good shape. Thos. T. Huey.

Received In Good Condition

Wheeling, W. Va., October 31, 1933. We are pleased to advise you that orde rwas received in goo condition. We are well pleased with the stock that you shipped and will do our best to favor you with our orders in the future when in need of anything in your line. Ross A. Bitzer.

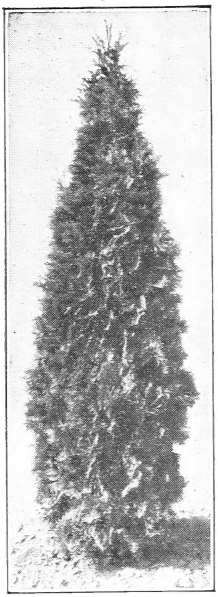
We find that by giving our customers good stock, a square deal and prompt attention, they will become our regular customers and not only that, they will recommend us to their friends, and this is certainly the best advertisement any business can have. We appreciate these recommendations and it encourages us to strive to give even better service than before. Let us show you what we can do with your order this season.

EVERGREENS

EVERGREENS are essential in almost every plan for beautifying the home and surrounding grounds. They can be set in groups, with shrubbery or along the foundation of the house or used singly as specimens. In the winter time, when most other plants are dormant, the absence of other colors helps to bring out their beauty of form in a very striking manner. We ship all evergreens except the real small sizes with a ball of earth surrounding the roots, securely burlapped. This assures you of receiving plants with practically the entire root system intact and when planted in your ground they should live and continue their growth. Do not remove the burlap from the roots—just loosen the string at the top.

Our Evergreens are carefully grown, trimmed to symmetrical specimens, are root pruned, balled and burlapped and packed so as to reach you in good growing condition.

These prices are per each but we will furnish 12 for for 10 times the each price



Pyramidal Arborvitae

AMERICAN ARBORVITAE. Foliage flat, color bright green. One of the most extensively planted evergreens. Used for many purposes.

18 to 24 in. ....$0.60 2 to 3 ft. $1.00

BERCKMAN'S GOLDEN ARBORVITAE (Biota Aurea Nana). Bright yellow foliage. Makes a very dense, compact, cone like plant.

9 to 12 in. ....$0.60 12 to 15 in. $0.85

BIOTA COMPACTA. Similar to Berckman's except the foliage is a beautiful dark green.

15 to 18 in. ....$0.60 18 to 24 in. $0.80

COLUMBIA ARBORVITAE. Slow growing green branches tipped with dull gold.

18 to 24 in. ....$1.00 24 to 30 in. $1.35

DOUGLAS ARBORVITAE. A slender, formal pyramidal type with dark green fern like foliage. A good variety for formal planting.

2 to 3 ft. ....$1.25 3 to 4 ft. $1.75

GEORGE PEABODY ARBORVITAE. Grown in a broad pyramidal form. Foliage golden yellow.

15 to 18 in. ....$0.65 18 to 24 in. $1.00

GLOBE ARBORVITAE. Round or globe shaped, dark green. Grows globe shape naturally.

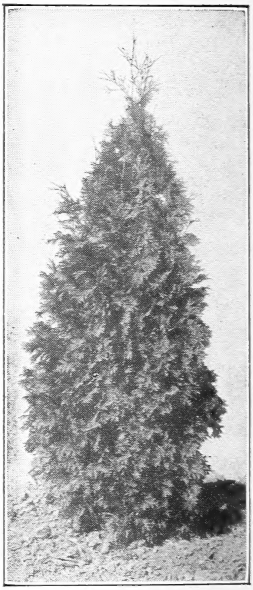
9 to 12 in. ....$0.60 12 to 15 in. $0.85

GOLD TIP ARBORVITAE. Pyramidal type. A rich green with yellow tipped branches. Beautiful.

18 to 24 in. ....$0.85 2 to 3 ft. $1.15

ORIENTAL ARBORVITAE (Chinese). Tall, slender, fast grower, dark green foliage. Popular.

18 to 24 in. ....$0.60 2 to 3 ft. $1.00



American Arborvitae

PLICATA ARBORVITAE. A pyramidal type with short, stiff branchlets giving a pleasing effect.

2 to 3 ft. ....$1.25 3 to 4 ft. $1.75

PYRAMIDAL ARBORVITAE. One of the best and most popular Arborvitaes. A true slender pyramidal dense grower, foliage dark green.

18 to 24 in. ....$0.85 2 to 3 ft. $1.15
3 to 4 ft. .... 1.75 4 to 5 ft. 2.50

ROSENTHAL'S ARBORVITAE. Dark green dense foliage. The growth terminates in a little whitish ball. Stays a dark green through all seasons.

12 to 15 in. ....$0.75 15 to 18 in. $1.00

SIBERIAN ARBORVITAE... Gray green foliage, broad pyramidal, compact grower.

18 to 24 in. ....$1.00 2 to 3 ft. $1.50

TOM THUMB ARBORVITAE. Soft, green foliage. Compact globe shape.

12 to 15 in. ....$0.75 15 to 18 in. $1.00

VERVAENEANA ARBORVITAE. Erect habit and form with bright golden variegated foliage.

12 to 15 in. ....$0.75 15 to 18 in. $1.00

DEODAR OR INDIAN CEDAR. This is one of the handsomest of all tall growing conifers. Foliage is feathery and of the popular blue-green color.

15 to 18 in. ....$0.75 18 to 24 in. $1.00

CEPHALOTAXUS HARRINGTONIA FASTIGIATA (Spiral Plum Yew). A formal, upright columnar plant with stiff, erect branches, resembling the Irish Yew. A beautiful green at all times.

15 to 18 in. ....$1.00 18 to 24 in. $1.50

CRYPTOMERIA LOBBI. A tall slender beautiful green tree with foliage tinted dark bronze in winter. Beautiful all the year around.

18 to 24 in. ....$1.75 2 to 3 ft. $2.25

LAWSON'S CYPRESS. A broad pyramidal tree. Gray green foliage with graceful outlines.

18 to 24 in. ....$1.00 24 to 30 in. $1.25

LAWSON'S CYPRESS ALUMNI. Foliage beautiful metallic silvery blue color; branchlets flattened and very close together. Very symmetrical. A very beautiful erect growing evergreen.

18 to 24 in. ....$1.00 24 to 30 in. $1.50

BALSAM FIR. Compact, conical grower, dark green foliage. Aromatic scented foliage.
15 to 18 in. ....$1.25 18 to 24 in. $1.50

WHITE FIR. One of the most beautiful evergreens. Tall grower, rich silvery needles.
15 to 18 in. ....$1.25 18 to 24 in. $1.50

CANADIAN HEMLOCK. One of the most beautiful of American Evergreens. Grows well in sun or shade, stands any amount of trimming. Foliage dark green. Very hardy. Graceful grower.
2 ft. .....$2.00 3 ft. $3.00

ANDORRA JUNIPER. New. A very attractive plant; light green is summer and a wonderful purple in winter. Hardy and very popular when known.
18 to 24 in. ....$1.50 24 to 30 in. $2.00

CANADIAN JUNIPER. A dwarf, spreading Juniper with light green foliage. Sharp pointed needles.
18 to 24 in. ....$1.50 24 to 30 in. $2.00

GOLDEN CANADIAN JUNIPER. Similar to the above except a golden yellow color.
18 to 24 in. ....$1.50 24 to 30 in. $2.00

HORIZONTAL JUNIPER. Very low, compact grower, makes a dense mat. Soft blue color.
24 to 30 in. $1.50

IRISH JUNIPER. A slender growing tree, taking the form of a column. Foliage bluish green.
18 to 24 in. ....$0.75 3 to 4 ft. $1.50
2 to 3 ft. .... 1.00 4 to 5 ft. 2.00

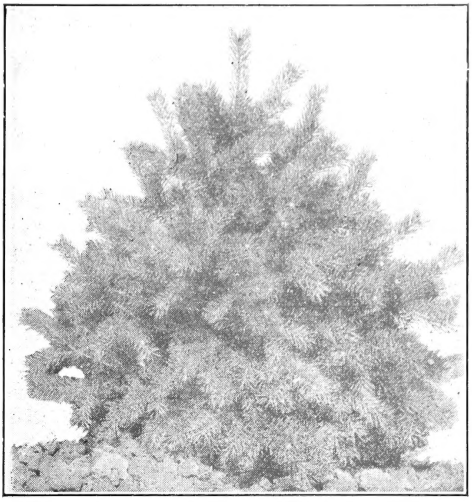
MEYER'S JUNIPER. Upright, close, irregular grower with a beautiful Koster blue foliage. Odd.
15 to 18 in. ....$1.50 18 to 24 in. $2.00

PFITZER'S JUNIPER. Probably the very best of the low, spreading Junipers. Beautiful bright green foliage that stays green all year around.
12 to 15 in. ....$0.75 18 to 24 in. $1.50
15 to 18 in. .... 1.00 24 to 30 in. 2.00

SAVIN JUNIPER. Low growing, dwarf; dark green foliage. Never gets large.. Really good.
18 to 24 in. ....$1.50 24 to 30 in. $2.00

SPINY GREEK JUNIPER. Compact, pyramidal, well shaped, dwarf grower; gray green foliage.
12 to 15 in. ....$0.75 15 to 18 in. $1.00

SWEDISH JUNIPER. A slow growing columnar shaped Juniper with light gray green needles.
18 to 24 in. ....$1.00 24 to 30 in. $1.35



SCOTCH PINE

VARIEGATED JUNIPER. Similar in growth to Greek Juniper but has cream colored tipped branches intermingled with the green ones. Dwarf grower.
12 to 15 in. ....$1.00 15 to 18 in. $1.25

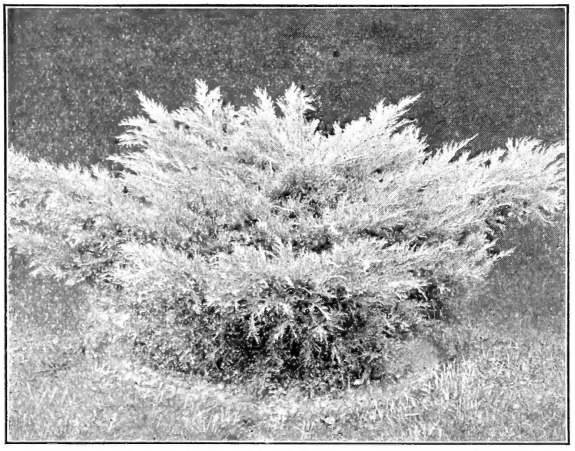
JUNIPERUS VIRGINIANA (Red Cedar). Has a rich green color, light in summer, darker in winter. Columnar in form but broader than Irish Juniper.
3 to 4 ft. ....$1.50 4 to 5 ft. $2.00

JUNIPERUS VIRGINIANA GLAUCA (Blue Cedar). An extremely beautiful upright growing Juniper. Foliage silvery blue all year around.
18 to 24 in. ....$1.50 2 to 3 ft. $2.50

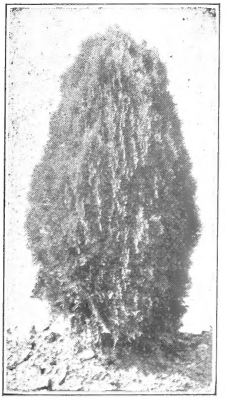
JUNIPERUS BURKI. A pyramidal grower with a very distinct silvery purple in winter. Pleasing.
18 to 24 in. ....$1.50 24 to 30 in. $2.00

JUNIPERUS CANNARTI. Dark green foliage with abundant showy blue berries. Pyramidal form.
18 to 24 in. ....$1.50 24 to 30 in. $2.00

JUNIPERUS ELEGANTISSIMA. Slender outline with light golden foliage. Useful for color contrast in background of bed plantings.
18 to 24 in. ....$1.50 24 to 30 in. $2.00



The Beautiful Pfitzer's Juniper



Berckman's Golden Arborvitae

JUNIPERUS KETELEERI. A splendid evergreen of pyramidal, formal outline. Deep green, scale-like leaves. Compact habit. Very hardy.
18 to 24 in. ....$1.50 24 to 30 in. $2.00

JUNIPERUS SCHOTTI. Distinct light green foliage. Habit columnar and formal.
18 to 24 in. ....$1.50 24 to 30 in. $2.00

DWARF MOUNTAIN PINE. Dense, low growing. Never gets tall. Very hardy; foliage is dark, rich green, needles long and stiff. New growth looks like tiny candles all over the tree.
12 to 15 in. ....$1.00 15 to 18 in. $1.25

JAPANESE UMBRELLA PINE. Odd shape, short stocky stems, with flattened top. Needles light green. A useful dwarf evergreen.
12 to 15 in. $0.65 15 to 18 in. $1.00

SCOTCH PINE. One of the finest for windbreaks and a popular landscape tree. Slender dark green needles; bushy growth. Makes a handsome tree.
18 to 24 in. ....$1.00 24 to 30 in. $1.50

RETINOSPORA ERICOIDES. A very pretty, dense little plant of the Tom Thumb type, adding a purplish shade during winter.
12 to 15 in. $0.65 15 to 18 in. $1.00

RETINOSPORA FILIFERA. Thread-like, deep green foliage, broad upright grower, drooping branches. Valuable in group plantings
15 to 18 in. ....$0.75 18 to 24 in. $1.00

RETINOSPORA FILIFERA AUREA. Like above except foliage is a beautiful golden color.
18 to 24 in. $2.00

RETINOSPORA LEPTOCLADA. A dense round-headed bush bright green in summer, changing to steely bronze in winter.
15 to 18 in. ....$0.75 18 to 24 in. $1.00

RETINOSPORA LUTESCENS (Golden Globe Retinospora). Bright yellow tipped branches, forms a low broad flat growing bush.
9 to 12 in. ....$0.65 15 to 18 in. $1.00
12 to 15 in. .... .85 18 to 24 in. 1.50

RETINOSPORA OBTUSA. A slender rapid growing plant. Dark green foliage. Graceful.
15 to 18 in. ....$0.75 18 to 24 in. $1.00

RETINOSPORA OBTUSA CRIPPSI. A beautiful species of the Japanese Cypress with graceful, arching, dark green foliage shading to a bright gold at the tips. One of the best golden colored ones.
15 to 18 in. ....$1.25 18 to 24 in. $1.75

RETINOSPORA OBTUSA YOUNGI. An upright grower; branches tinged with a greenish-yellow.
15 to 18 in. ....$0.75 18 to 24 in. $1.00

RETINISPORA PISIFERA. Foliage bright green, hardy, rapid open growing tree.
15 to 18 in. ....$0.75 2 to 3 ft. $1.25
18 to 24 in. .... 1.00 3 to 4 ft. 1.75

RETINOSPORA PISIFERA AUREA. Same as above except branches are golden tipped.
15 to 18 in. ....$0.75 2 to 3 ft. $1.25
18 to 24 in. .... 1.00 3 to 4 ft. 1.75

RETINOSPORA PLUMOSA. The main branches are rather upright in growth, with the side shoots bearing plume-like foliage, giving the tree a feathery appearance. A very popular evergreen.
15 to 18 in. ....$0.75 2 to 3 ft. $1.25
18 to 24 in. .... 1.00 3 to 4 ft. 1.75

RETINOSPORA PLUMOSA AUREA. Same as the above except foliage is golden.
15 to 18 in. ....$0.75 2 to 3 ft. $1.25
18 to 24 in. .... 1.00 3 to 4 ft. 1.75

RETINOSPORA PLUMOSA GOLDDUST. A type of R. Plumosa Aurea but a much brighter yellow.
18 to 24 in. ...$1.25 2 to 3 ft. $1.75

RETINOSPORA SQUARROSA SULPHUREA. Same as R. Squarrosa Veitchi except foliage is a sulphur yellow and is slower growing.
18 to 24 in. ....$1.00 24 to 30 in. $1.50

RETINOSPORA SQUARROSA VEITCHI. Its silvery blue foliage is soft and extremely graceful. An upright grower. Stands clipping well.
15 to 18 in. ....$0.75 2 to 3 ft. $1.25
18 to 24 in. .... 1.00 3 to 4 ft. 1.75

BLACK HILL SPRUCE. Foliage a bright green. Slow grower, compact and bushy. Very hardy.
15 to 18 in. ....$1.00 18 to 24 in. $1.25

COLORADO BLUE SPRUCE. A native of the Rocky Mountains; foliage bluish green, rigid and sharply pointed. Tall, conical grower.
18 to 24 in. ....$2.00 24 to 30 in. $2.00

KOSTER'S BLUE SPRUCE. Foliage pronounced silvery blue. Makes a prominent specimen in any evergreen planting. Note our low price.
18 in. .....$3.50 2 to 3 ft. $7.50

NORWAY SPRUCE. A splendid tree for windbreaks, hedges, or as single specimens; the branches are spreading, slightly drooping at the tips.
18 to 24 in. ....$0.75 2 to 3 ft. $1.25

WHITE SPRUCE. Light bluish green foliage. Hardy all through the northern states and Canada.
15 to 18 in. ....$1.00 18 to 24 in. $1.25

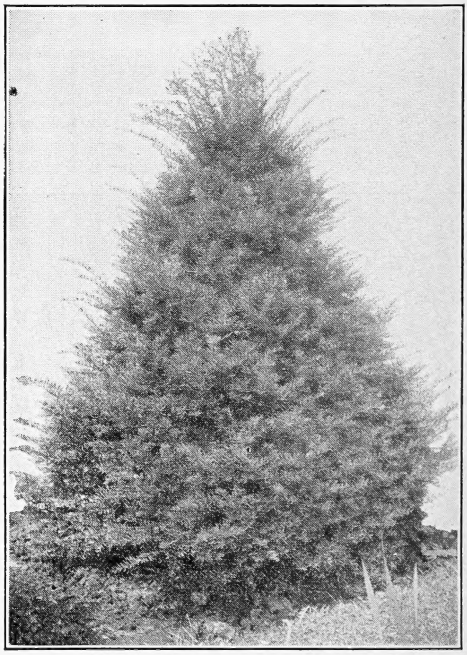
CANADIAN YEW. Spreading or vase shape. dark green in summer with a tinge of red in winter. Hardy. Can be trimmed in any shape desired.
15 to 18 in. ....$1.50 18 to 24 in. $2.00

GOLDEN ENGLISH YEW. A golden form of the Upright English Yew. Slow grower.
9 to 12 in. ....$1.00 12 to 15 in. $1.50

SPREADING ENGLISH YEW. A spreading form of the above and much hardier.
12 to 15 in. $1.25

UPRIGHT ENGLISH YEW. An upright growing form. Foliage a dense dark green. Not as hardy as the Japanese type.
18 to 24 in. ....$1.25 24 to 30 in. $2.50

HICK'S YEW. A distinctly columnar type, growing about 6 to 8 feet tall. Somewhat similar to the Irish Yew, but hardy in New England.
2½ ft. .....$2.00 3½ ft. $4.00



UPRIGHT JAPANESE YEW

IRISH YEW. The much prized narrow columnar Yew of very slow growth. Very beautiful. Much prized for formal decoration.

9 to 12 in. ....$1.50 12 to 15 in. $2.00

DWARF JAPANESE YEW. Foliage very dense, dark green, short needles. Very slow grower.

9 to 12 in. $1.50

SPREADING JAPANESE YEWS. A spreading type of the above. Slow growing, very hardy.

12 to 15 in. $1.25

UPRIGHT JAPANESE YEW. Slow growing; dense green foliage of upright growth. Yews are classed as the "Aristocrats" of Evergreens.

15 to 18 in. ....$1.00 18 to 24 in. $1.25

Broad-Leaf Evergreen Shrubs

ABELIA GRANDIFLORA. Probably one of the very best of the evergreen flowering shrubs. Begins blooming early in summer and keeps it up till frost. Flowers a delicate pink turning to white.

18 to 24 in. ....$0.50 2 to 3 ft. $0.75

ARCTOSTOPHYLOS UVA-URSI (Bearberry). A low, gray carpeting creeping vine. Rather large, scarlet berries. Fine ground cover in sun or shade.

3 year trans. ....$0.50.

AZALEA AMOENA. Flowers rosy purple, in dense masses. Hardy and early flowering. The foliage assumes a pleasing bronze tint in fall and winter months.

6 to 8 in. ....$0.50 10 to 12 in. $1.00
8 to 10 in. .... .75 12 to 15 in. 1.25

AZALEA HINODEGIRI. Flowers brilliant scarlet, foliage rounded and deep green. The flowers are produced so profusely as to completely cover the plant. Probably the most popular Azalea grown.

6 to 8 in. ....$0.60 10 to 12 in. $1.10
8 to 10 in. .... .85 12 to 15 in. 1.50

AZALEA INDICA ALBA. Very large, white flowers. Good grower and profuse bloomer.

10 to 12 in. ....$1.00 12 to 15 in. $1.35

AZALEA MACRANTHA. A salmon red, resembling Hinodegiri but about a month later. Glossy, dark green foliage.

8 to 10 in. ....$1.00 10 to 12 in. $1.25

AZALEA YAYEGIRI. Beautiful salmon-red; narrow, intense green foliage. Very attractive.

6 to 8 in. ....$$0.75

BERBERRIS JULIANAE. You will find this variety most unusual. The berries or fruit are blue-black, and the foliage, long, dark green, is retained throught the winter. Especially recommended.

12 to 15 in. ....$0.75 15 to 18 in. $1.00

BERBERRIS SARGENTIANA. A dense bush with shining deep green foliage, the new growth being bronze and coppery-red. Clusters of yellow flowers in spring and blue-black berries in autumn.

12 to 15 in. ....$0.75 15 to 18 in. $1.00

BERBERRIS SUBCAULIALATA. A lovely new semi-evergreen Barberry from China. It forms a compact bush with graceful, reflexed branches; the leaves are small and of a beautiful glaucous tint; produces coral-pink berries which are exceedingly attractive in autumn. Very, very pretty.

15 to 18 in. ....$0.75 18 to 24 in. $1.00

BUXUS ARBORESCENS. The true Tree Box. Loose, graceful habit of growth. Tree attains 20 ft.

15 to 18 in. ....$0.75 18 to 24 in. $1.00

BUXUS HANDSWORTHI. Upright growing. For informal planting, or clipped to columnar form.

15 to 18 in. ....$0.75 18 to 24 in. $1.00

BUXUS KOREANA. Seldom exceeding 2 feet in height. Small, wedge-shaped leaves. A hardy Box suitable for specimens or low edgings as far north as Massachusetts or farther.

6 to 8 in. ....$0.50 8 to 10 in. $0.75

BUXUS SEMPERVIRENS. The Common Box. Makes a fairly rapid growth but always compact, dark and lovely green foliage. In time it makes bushes several feet through and as much high.

8 to 10 in. ....$0.50 12 to 15 in. $0.85
10 to 12 in. .... .65 15 to 18 in. 1.00

BUXUS SUFFRUTICOSA (The True Old English Dwarf Box). This is the Box you see so much of at Mount Vernon and other Old Southern Estates. Useful for edgings, walks, and for specimen plants. Our cuttings are from plants 6 to 8 feet tall and more than 150 years old. We make a specialty of Boxwood and now have more than a quarter million plants. Ask for prices in large quantities.

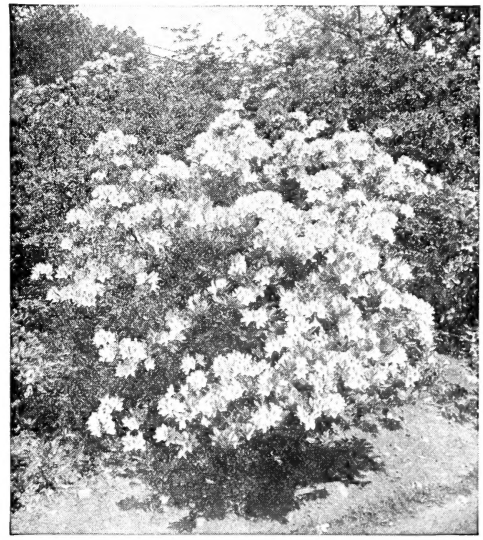
4 to 6 in. ....$0.25 8 to 10 in. $0.065
6 to 8 in. .... .40 10 to 12 in. .... .90
12 to 15 in. 1.25

COTONEASTER HENRYI. Tall growing variety with bright red fruits. Very beautiful at all times.

18 to 24 in. ....$0.50 2 to 3 ft. $0.75

COTONEASTER HORIZONTALIS. Good plant for Rock Garden work as well as for other purposes. Bright vermillion berries. Leaves color beautifully in autumn. Distinctive and attractive.

8 to 12 in. ....$0.50 12 to 15 in. $0.75



There is nothing more showy than an Azalea

2 to 3 ft. ....$0.35 3 to 4 ft. $0.50

HYDRANGEA PANICULATA GRANDIFLORA. The showest of the autumn shrubs, bearing immense heads of creamy white flowers, turning to reddish.

2 to 3 ft. ....$0.35 3 to 4 ft. $0.50

JASMINE NUDIFLORUM (Winter Jasmine). A graceful spreading shrub. Semi-trailing, slender, green branches. Blooms profusely in January and February. Suitable for slopes and banks.

15 to 18 in. ....$0.35 18 to 24 in. $0.50

KOLKWITZIA AMABILIS (Beautybush). A new shrub from Korea, hardy in New England, Making long sprays of graceful foliage and completely buried in delicate pink flowers like tiny wegelia blossoms, tinted with yellow in the throat. Good.

18 to 24 in. $0.50

KOELREUTERIA PANICULATA (Goldenrain Tree). A very ornamental tree with handsome, light green foliage and large clusters of yellow flowers.

2 to 3 ft. ....$0.50 3 to 4 ft. $0.65

KERRIA JAPONICA (Globe Flower). A handsome green leaved and twigged shrub. Dark yellow globe shaped flowers all summer, slender branches.

Nice twice transplanted plants $0.35

LARCH EUROPEAN. A tall and handsome deciduous conifer, particularly beautiful in early spring when covered with soft and feathery foliage of a delicate green. Creates a very graceful effect.

2 to 3 ft. ....$0.60 3 to 4 ft. $0.85

LARCH JAPANESE. Another deciduous conifer. Rapid grower. Soft blue-green needles.

2 to 3 ft. ....$0.60 3 to 4 ft. $0.85

LIQUIDAMBER STYRACIFLUA (Sweet Gum). A native tree of rapid growth, corky bark and star-shaped leaves. One of the most beautiful trees for fall color. Spring planting is preferred.

5 to 6 ft. ....$0.75 6 to 8 ft. $1.00

LIRIODENDRON TULIPIFERA (Tulip Tree). This large, symmetrical tree has smooth bark, glossy, light green leaves and spreading branches. The flowers tulip-like, greenish yellow, blotched orange.

8 to 10 ft. ....$1.25 10 to 12 ft. $1.75

LONICERA MORROWI One of the finest berry-bearing Honeysuckles, the fruit being a rich crimson and remaining on a long time. Yellow flowers.

3 to 4 ft. ....$0.50 4 to 5 ft. $0.65

MAGNOLIA GLAUCA (Sweet Magnolia). A beautiful, small shrubby tree, thriving in any good soil, and useful for positions too damp for many trees. The rich, glossy green foliage is glaucous beneath, giving the whole a silvery sheen. The cream-white wax-like flowers are highly fragrant.

18 to 24 in. $1.00

A Roadside of California Privet and Maples

MAGNOLIA LENNI. Strong growing, purpl colored, cup-shaped blossoms. Foliage dark green Blooms in April. A very popular Chinese Magnolia.

2 to 3 ft. $3.00

MAGNOLIA LILIFLORA NIGRA. The Purple Lily Magnolia is a very large shrub with broad foliage. It puts forth its dark purple flowers with petals about 4 to 5 inches long, pink inside, early in the spring before the foliage unfolds and continues intermittently all during the summer.

3 to 4 ft. ....$3.00 4 to 5 ft. $4.00
5 to 6 ft. .... 6.00 6 to 7 ft. 7.50

MAGNOLIA SOULANGEANA (Saucer Magnolia). Flowers large, cup-shaped; white, more or less suffused with pink. Blooms early in spring.

2 to 3 ft. ....$2.00 3 to 4 ft. $3.00

PHILADELPHUS CORONARIUS (Mock Orange) Pure white flowers in dense clusters; fragrant.

18 to 24 in. ....$0.25 2 to 3 ft. $0.35

PHILADELPHUS GRANDIFLORA. A strong growing shrub with large white odariess flowers.

18 to 24 in. ....$0.25 2 to 3 ft. $0.35

PHILADELPHUS VIRGINAL.. Petals are pur white and sweet scented; large; blooms all summer

2 to 3 ft. ....$0.35 3 to 4 ft. $0.50

PHYSOCARPUS OPULIFOLIUS (Common Ninebark). White flowers along the stems, from which the bark hangs in long shreds and strips.

12 to 18 in. ....$0.25 3 to 4 ft. $0.50

PLATANUS ORIENTALIS (Oriental Plane). Another excellent street and park tree with broad, round head on comparatively short trunk, and dullish gray or greenish white bark. **A rapid grower.**

6 to 8 ft. ....$0.75 8 to 10 ft. $1.00

POPULUS NIGRA ITALICA (Lombardy Poplar). This upright, and extremely rapid-growing tree has bright, pale green leaves, lighter beneath, and branches down to the ground. Useful for screens.

5 to 6 ft. ....$0.50 6 to 8 ft. $0.75
8 to 10 ft. .... 1.00 10 to 12 ft. 1.25

QUERCUS RUBRA (Common Red Oak). A broad tree of rapid growth with large, rich green foliage that turns bronzy red in fall. Will grow in poor soil.

3 to 4 ft. ....$0.75 4 to 5 ft. $1.00

RHODOTYPOS KERRIOIDES (White Kerria). An interesting, shrub from Japan. The Syringia-like flowers bloom from May on through the season.

18 to 24 in. ....$0.30 2 to 3 ft. $0.40

SOPHORA JAPONICA (Japanese Pagoda Tree). Grows about 80 feet high and has feathery foliage and yellowish pea-like blossoms somewhat like those of a Wisteria. Good grower most anywhere.

2 to 3 ft. ....$0.35 3 to 4 ft. $0.40

SPIREA ANTHONY WATERER. Very low growing; bears flat heads of brilliant crimson blossoms all through the late part of summer.

18 to 24 in. ....$0.25 2 to 3 ft. $0.40

SPIREA FROEBELI. Sowewhat like Anthony Waterer but taller growing.

18 to 24 in. ....$0.25 2 to 3 ft. $0.40

SYMPHORICARPOS VULGARIS (Coralberry). The flowers are greenish red, followed by dark, purple red berries in clusters. Does well in shade.

12 to 18 in. $0.25 2 to 3 ft. $0.40

TAXODIUM DISTICHUM (Bald Cypress). A stately tree with foliage like an evergreen but which is shed in autumn.

5 to 6 ft. ....$0.75 6 to 8 ft. 1.00

VIBURNUM CARLESII. Very fragrant. Flowers appear very early in clusters 2 to 3 inches across. The color is delicate pink passing to white.

18 to 24 in. ....$1.00 24 to 30 in. $1.25

VIBURNUM ACERIFOLIUM (Mapleleaf Viburnum). A good shrub for dry soil and under trees. Flowers yellowish. Foliage handsome in autumn.

18 to 24 in. ....$0.35 2 to 3 ft. $0.50

VIBURNUM DENTATUM (Arrow-wood). A very handsome native shrub with glossy green foliage and white flowers in June, followed by crimson berries which turn blue in autumn. Good in shade.

18 to 24 in. ....$0.35 2 to 3 ft. $0.50

VIBURNUM LANTANA (Wayfaring-tree) Of robust growth, having large foliage, silvery underneath. Produces clusters of white flowers in May, followed by red fruit. Especially good in dry soils.

18 to 24 in. ....$0.35 2 to 3 ft. $0.50

WEGELIA ROSEA. A very free- flowering shrub with bright pink flowers . Very beautiful.

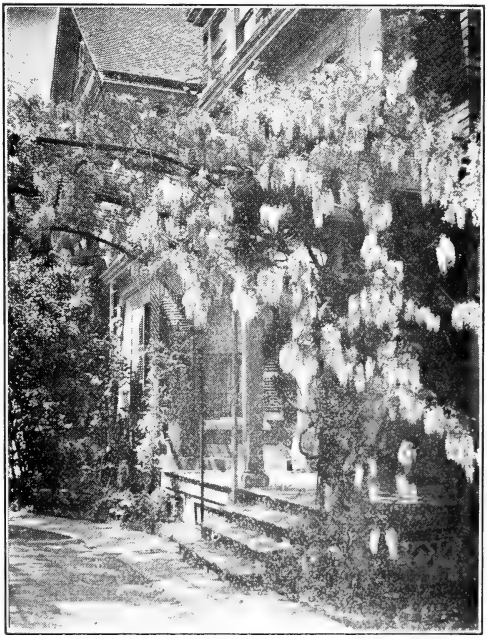
18 to 24 in. ....$0.25 2 to 3 ft. .... .35

WISTERIA SINENSIS. Hardy, fast, tall growing climber, with long clusters of purplish pea-shaped flowers in May.

2 year strong plants $0.25

WISTERIA SINENSIS ROSEA. Like the above but producing pink flowers instead of purple. New.

2 year strong grafted plants $0.75



WISTERIA

Mishawaka, Indiana, April 10, 1932. My stock arrived yesterday and is surely fine. I wish to thank you for the quality of the stock and for the good packing.

Mrs. Ray R. Hunt.

Melrose, Mass., May 2, 1932. I have just received my order. The stock is just perfect. I couldn't have selected more satisfactory stock had I chosen it myself.

Mrs. Walter M. Barrett.

HYBRID LILACS

These new French Hybrid Lilacs bloom very profusely when young, are good growers and may be had in a variety of shades and colors. At the new low prices we are offering them you should order a good assortment.

FLOWERING CRAB APPLES

No flowering tree will bring the gayiety of spring into the garden more colorfully than the Flowering Crabs. Even one tree in a garden will provide a spot of color so delightful and picturesque that we wonder how such pictures could happen. The bright colored little fruits are attractive in the fall and winter. Some like their flavor.

Nice Trees: 3 to 4 ft. 50c each; 4 to 5 ft. 75c each.

ARNOLDIANA (Arnold Crab). One of the best varieties, semi-double pink blossoms, yellow fruit.

ATROSANGUINEA (Carmine Crab). A mass of single, brilliant carmine flowers.

BACCATA (Siberian Crab). Single, white fragrant blossoms, small green or reddish fruit.

CORONARIA (Wild Sweet Crab). A native species with single, white and pink, delightfully fragrant flowers and yellowish-green fruit.

DAWSONIANA (Dawson's Crab). Large white flowers and yellowish-green fruit.

ELEYI (Eley's Crab). Purple to red foliage, wine colored bloom. The best all-over red sort.

FLORIBUNDA (Japanese Flowering Crab). One of the handsomest, having an abundance of bright, pink buds and white flowers, with small yellow fruit.

FLORIBUNDA PURPUREA (Purple Crab). Purple foliage and purple blossoms with dark purple fruit.

HALLIANA PARKMANI (Parkman's Crab). Bright rose-red, double flowers on drooping stems.

IOENSIS PLENA. Bechtel's Crab). Double pink, fragrant flowers like small clustered Roses.

MANDSHURICA (Manchurian Crab). Among the earliest to bloom. Its large pure white flowers. Dark crimson fruit hangs on long stems.

NIEDZWETZKYANA (Redvein Crab). A Russian-Turkestan species remarkable for the red color of its flowers, branches, leaves and fruit.

PRUNIFOLIA RINKI (Chinese Crab). Flowers pink; fruit green or yellow.

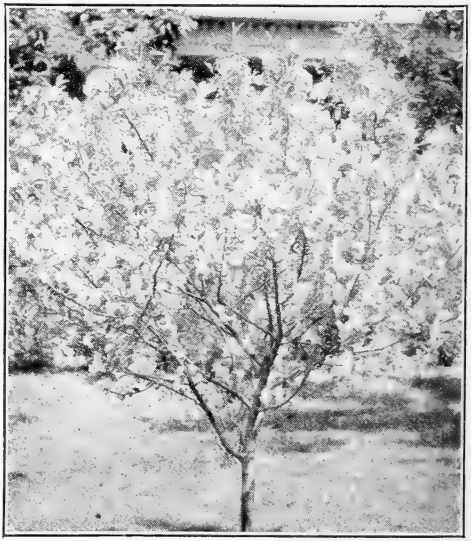
ROBUSTA (Cherry Crab). Large white, fragrant flowers and red fruit.

SARGENTI (Sargent's Crab). Dwarf variety, pure white flowers with bright yellow anthers and scarlet fruit lasting until spring.

SCHEIDECKERI (Scheidecker Crab). An early flowering variety with double, bright rose-colored flowers.

SPECTABILIS (Chinese Flowering Crab). Large, fragrant, pink semi-double flowers; yellow fruit.

ZUMI (Zumi Crab). Pink and white flowers and bright scarlet fruit.



FLOWERING CRABAPPLE

APPLE TREES

Price: 4 to 5 ft.—1 to 9 @ 40c each; 9 to 49 @ 35c each; 50 or more @ 25c each.

BALDWIN. Large, round, bright red, rich and juicy, crisp; good late keeper. Quick grower; yields big crops. Winter.

CORTLAND. A promising new variety. Beautiful red, large and a good keeper.Fine flavor. Winter.

DELICIOUS. Brilliant dark red, flesh fine grained, juicy crisp and melting, flavor sweet, with a slight acid taste, with a delightful aroma; highest quality. Winter.

DUCHESS. Medium size, red striped, flesh white, juicy and good flavor; early. A heavy bearer and dependable cropper.

MAMMOTH BLACK TWIG (Paragon)— Extra large in size; skin smooth, yellowish, covered with deep red; the general effect being dark red; flesh tender, tinged with yellow, crisp, sub-acid, aromatic, fine flavor, of excellent quality in every way. Winter.

ROME BEAUTY. Large, round; mottled and striped in different shades of red; flavor and quality of the best. Always in good demand and brings high prices. Keeps in good condition until May and June. Winter.

GRIMES GOLDEN. Medium size, golden yellow, tender, rich, aromatic, sub-acid, delicious. Possibly the best flavored apple known, and a good keeper. Autumn.

STAYMAN WINESAP. A dark, rich red, with rather indistinct striping. Flesh yellow, plenty of juice; firm, tender, rich, sub-acid, aromatic; quality of the best. A splendid late keeper, but mellows for use in the fall. Quick grower; bears young. Winter.

WEALTHY. Medium to large size, round; almost solid red; flesh white, tender, crisp, juicy, fine grained, good flavor. Autumn.

WILLIAMS EARLY RED. Medium to large in size, bright rich red; flesh is crisp, tender, juicy and sub-acid. Early.

YELLOW TRANSPARENT. Medium to large; cream and yellow, tender, juicy, sub-acid, fragrant, good flavor. Early.

YORK IMPERIAL. Medium to large size, round, irregular, greenish yellow overlaid with bright red; flesh tender, firm, crisp and high flavor; wonderful keeper; can be kept in cold storage until June. Winter.

PEACH TREES

Price: 4 to 5 ft.—1 to 9 @ 40c each; 9 to 49 @ 35c each; 50 or more @ 25c each.

BELLE OF GEORGIA. White, freestone, large size, and most attractive in color and shape, with a light red cheek; flesh white, firm and delicious; extra fine flavor.

CARMAN. A very hardy peach, ripening about the middle of July; skin pale yellow with blush on sunny side; flesh white, tender, sweet and melting.

EARLY ELBERTA. Ripens about a week to ten days earlier than Elberta; yellow, freestone, large, similar to Elberta but a trifle better flavor. Excellent home orchard peach.

ELBERTA. Midseason. A valuable large peach of good quality; fruit yellow with red cheek; juicy and highly flavored, flesh yellow, freestone. The leading market variety.

GOLDEN JUBILEE. A new variety originated by the New Jersey Experimental Station, of the Elberta type ripening with Carman and Belle of Georgia. Freestone.

HILEY. Ripens about a week before Belle of Georgia. A large creamy white peach with a rich blush on the sunny side. Freestone.

GREENSBORO. White, freestone, large, handsome, a rich yellowish white with crimson cheek, exceedingly tender and of fine quality.

J. H. Hale. One of the best sorts for garden or market. Fruit very large, round and of excellent quality, skin yellow finely colored, flesh yellow, sweet and melting. Ripens just before Elberta. A very good peach.

RED BIRD CLING. White, extra large with a bright red blush. The first peach of large size to ripen. Brings extra high prices in all the leading markets.

SOUTH HAVEN. Yellow, freestone, large roundish, uniform size, deep yellow with a red cheek, delicious flavor, consistent heavy bearer. Ripens about fifteen days ahead of Elberta. A very promising new variety.

WHITE HEATH CLING. Ripens about September 15th. Fruit large, roundish; flesh white exceedingly juicy. A favorite for canning purposes.

PEAR TREES

Price: 4 to 5 ft.—1 to 9 @ 40c each; 9 to 49 @ 35c each; 50 or more @ 25c each.

BARTLETT. A large, yellow pear; fine sweet flavor. Very popular. September 1st.

DUCHESS. One of the largest and best. Greenish yellow with russet spots.

KIEFFER. Well known canning pear. Hardy, prolific; fruit large and yellow.

SECKEL. A small variety and of excellent quality. Very productive.

Cherries

4 to 5 ft.—1 to 9 @ 40c each; 10 or more @ 35c each

BLACK TARTARIAN. Very large, juicy, rich flavor; sweet, purplish black. Heavy bearer and most profitable sweet cherry.

DYEHOUSE. Ripens 10 days earlier than Early Richmond; medium size, sour, good keeper, fine quality, heavy bearer. Popular for pies and canning.

EARLY RICHMOND. Early summer. Very sour, medium size, bright red. Unsurpassed for cooking. Yields heavy crops. Most hardy of all cherries, sure cropper, productive.

MONTMORENCY. Midseason, sour, large, red, slightly acid, flesh tender and of unusually good quality. Good shipper.

Doing Grand, Haven't Lost Any

Angelica, N. Y., Sept. 21, 1933. The stock we bought last spring is doing grand, haven't lost any of them. R. S. Dearr.

Nothing Ever Excelled Our Stock

Hammonton, N. J., April 28, 1933. We have purchased much stock from nurseries but nothing ever excelled the stock we received the other day. Thanks. Hugo Kind.

Plums

4 to 5 ft.—1 to 9 @ 40c each; 10 or more @ 35c each

ABUNDANCE. Fruit very large, showy, flesh light yellow, exceedingly juicy, tender and sweet. A good market variety.

SHROPSHIRE DAMSON. Medium size fruit, produced in thick clusters or groups. Very productive of dark purple fruit.

Grapes

20c each; $1.50 for 10; $12.50 per 100.

CONCORD. The most popular grape. It adapts itself to varying conditions. Large, compact bunches of dark purplish black berries covered with a rich bloom, skin is tender, but firm enough to carry to distant markets. Vigorous grower, hardy and very productive.

MOORE'S EARLY. Dark purple; bunches medium size, berries large. Flavor and quality good. Ten days earlier than Concord.

NIAGARA. The best of the light colored grapes. Bunches medium size, berries large. Ripens earlier than Concord; flavor good.

RASPBERRIES

CHIEF. An outstanding new early red raspberry. Ripens 10 to 12 days earlier than Latham. Berries are dark red, good size, extra firm and hold up a long time after picking. Plants are strong and stocky, immune to mildew and highly resistant to all diseases. Withstands hot, dry weather better than most varieties. A good shipper.
60c for 10, $2.75 for 100, $22.50 per 1000. Special prices on large lots.

CUMBERLAND. Berries are large, borne in clusters several to a branch. The reliable blackcap. Flavor is rich and sweet. Probably the very best black raspberry.
60c for 10, $2.75 for 100, $22.50 per 1000. Special prices on large lots.

LATHAM. Claimed by many to be the best red raspberry. Berries are large, dark red, of uniform size. Will stay on canes several days after fuully ripe. Bushes are vigorous growers, perfectly hardy in all parts of the country. Begins bearing the first year. If you have not grown this try it this year.
60c for 10, $2.75 for 100, $22.50 per 1000. Special prices on large lots.

ST. REGIS. Leading growers agree that this is the best, the most profitable and most dependable everbearing red raspberry. Good quality and a good grower. Fruit begins to ripen midseason and continues through fall.
60c for 10, $2.75 for 100, $22.50 per 1000. Special prices on large lots.

ASPARAGUS

Splendid for home-garden or market. The plants are easy to grow and a bed when once established will thrive for many years. As a field crop, Asparagus is very profitable, and there is most always a good demand for it at good prices. Any good garden soil will give excellent crops, but it should be manured freely.

Prices, 2 year No. 1 Strong Plants: 25 for 50c, 100 for $1.50, 1000 for $7.50.

PALMETTO. Earlier than most other varieties. Stalks vary from light to dark green, are very large and of exceptionally good quality.

MARY WASHINGTON. This is generally recognized by the leading growers as being the best variety of asparagus grown. It starts earlier, produces more and larger stalks of extra quality than any other variety. It is highly rust resistant and has proven by test to be best for the home garden or commercial plantings.

The above represents a basket of Big Joe Strawberries

Of all the fruits large and small we consider the Strawberry the best of them all. For over a quarter century we have made a specialty of this fruit and while we have several acres and many more varieties the varieties we are herewith offering is the cream of the list. We issue a special Strawberry catalog with truthful descriptions and cultural instructions. It will be sent free for the asking.

Price except for Dorsett and Fairfax, 25 for 50c; 100 for $1.25.

PREMIER. We consider Premier one of the best early strawberries ever introduced and until Blakemore was introduced it was the greatest seller of them all. It is an abundant plant maker and produces great crops of berries wherever berries can be grown. Medium to large in size.

BLAKEMORE. A new early berry developed by the United States Department of Agriculture and is considered by most all who have grown it to be even better than the popular Premier. Probably the best strawberry for canning that is now being grown. We fully recommend it.

BIG JOE. Of all the midseason varieties Big Joe is our favorite. A good grower, the berries are large, good flavored, and it is a good yielder. Comes in between the early varieties and Chesapeake.

CHESAPEAKE. A medium late variety and considered the best flavored of the late varieties. The berries are extra large and a good keeper after being picked, good for table use when fresh and a great favorite for preserving. No matter how many or how few varieties you grow you should grow Chesapeake.

FAIRFAX AND DORSETT. Here are two new early berries developed by the U. S. Department of Agriculture and said to be the two best flavored strawberries ever produced. We have not yet fruited them but saw them in fruit on the Department's grounds near Washington last summer. We have only a small stock of these plants to offer this season but I advise you to get a few. The berries are large and are produced abundantly on strong plants. **Price, 50 plants for $1.00.**

Sure Pleased With Plants

Quarryville, Pa., April 20, 1933. Received those strawberry plants and they were in fine shape and we are sure pleased with them. J. S. Greer.

Neighbor Saw Plants, Sent Order

Ephrata, Pa., April 13, 1933. I received my strawberry plants in good condition. Am well pleased with them. One of my neighbors seen them and has sent you an order. Jacob Bicher.

They Were Nice—Well Pleased

Avondale, Pa., April 30, 1933. I received the strawberry plants in good order. They were nice and I am well pleased. Olin J. Nicodemus.

After 7 Days Looked Like Just Dug

St. Joseph, Mo., May 4, 1933. Received strawberry plants O. K. They were seven days on the road, but looked as if they had been freshly dug. They were big and fine. Grover Drowns.

Mastodon

A Wonderful Everbearer

Everbearing Strawberries

There should always be some of these varieties planted in the home garden. They will start fruiting 90 days after the plants are set and produce all through the summer and fall till there is a heavy frost. Any family that enjoys delicious strawberries (and we believe everyone does) should not be without at least one of the everbearing varieties. Just think, you can have delicious strawberry shortcake and all the other strawberry desserts all through the summer and fall, with very little expense, for if given the proper care each plant will often produce a quart or more of delicious berries during their long fruiting season. You can have plenty for your own use and then sell enough to pay your expenses from just a small patch in your garden.

Since Mastodon has been introduced there are large profits for the grower who plants them for market. Picking begins about 90 days after the plants are set and continues all through the summer and fall and the demand and prices are both good. Be sure to include some in your order, for if you plant a few rows in with your standard varieties they may pay the expenses on your whole patch.

The essentials in successfully producing everbearers are the same as for growing the standard varieties; good fertile soil that will retain moisture and strong, healthy, true to name plants. Keep the blossoms off till the last of June and the plant will make a vigorous growth and a fair bed and you will have plenty of berries all through the summer and fall. One of the most important points to remember is early planting.

Price of Mastodon plants, 25 for 50c; 100 for $1.25; 1000 for $10.00.

MASTODON. A strong vigorous grower, producing big, juicy, sparkling red berries of the most delicious flavor, with a bright green cap and are firm enough to carry hundreds of miles in perfect condition and command good prices on the market. Mastodon begins fruiting about 90 days after the plants are set and keep right on till hard freezing weather in the fall, fruit again with the standard varieties the next spring and after a lay-off of about four weeks start fruiting again. You will not go wrong in planting Mastodon. Plant a few extra; sell some berries to your neighbors.

Peonies for Planting Next Fall

During the past fifteen years we have made a specialty of growing Peonies. We are now growing around two hundred varieties, among which are the best of the old varieties and a careful selection of the newer kinds. We will be able to supply next fall most of these varieties in one-year plants as well as the standard 3 to 5 eye division.

A good many persons have found that it pays them to grow Peonies as a cut-flower proposition. There is a big demand for the flowers around Decoration Day and School Graduating time as well as at other times. If you are interested in Peonies for your own use or to grow the blooms and roots for sale ask us for our new catalog.

THE OVAL BOWL PLANT MARKER

Mark the plants in your garden so anyone can see what they are. Hundreds of flower lovers with both large and small gardens use the Up-to-Date Oval Bowl Plant Marker. Flower and Garden Clubs find them particularly useful. Adapted for green house or garden use. Made of galvanized steel and comes in two sizes. The name of the flower can be written on the flat top using an ordinary steel pen and our special metal ink. This ink will stay legible through many seasons.

9 inch size ..... $3.50 per 100 postpaid
19 inch size ..... 7.50 per 100 postpaid
25 or more at the 100 rate
1 oz. bottle metal ink ..... 50c each

Wood Labels

The following labels are made from No. 1 White Pine; easy to mark on and will last a long while. If wanted painted white add 25 percent to these prices.

12 Evergreens $1.00

Parcel Post Prepaid

Plant in your garden for two years and they will be right size to plant in yard.

2 AMERICAN ARBORVITAE

This is probably the most popular of all evergreens. Can be trimmed any shape.

2 NORWAY SPRUCE

This is the most generally planted of all the spruces. A good grower and holds its bright green color all the year.

2 PYRAMIDAL ARBORVITAE

The Pyramidal Arborvitae is a form of the American but it grows in a pyramidal form. Bright green all the year.

2 GLOBE ARBORVITAE

This is the Globe or Ball Shape Arborvitae. Bright green, compact and a very good dwarf evergreen.

2 GOLDEN RETINOSPORA

This is the very plant you want to liven up your green evergreens. Its bright gold color make a beautiful contrast with green of other trees in winter.

2 JAPANESE YEW

We consider the Yew one of the very best ornamental plants to be found in any garden. Bright green. Grows well. Something different and rare.

12 Dwarf Evergreens $1.00

Parcel Post Prepaid

This collection is just the thing for Rock Gardens or any other place where you want dwarf growing plants. In it there will be some of the choice Broad-Leaved Evergreens. All these plants will be three or more years old. You will be surprised that you can get so much for a dollar. And, remember our guarantee: **"If you are not pleased, tell us, and we will send your money back."**

New and Unusual Plants

While all of the plants on this and the following pages are not new plants, they are every one really worth while and I am sure you will be delighted with them in your garden. While we are offering these plants as "New and Unusual" we do not mean that the plants on the other pages are not good plants also. They are and it may be that the old standard varieties will still be better in many cases than the newer ones. Our idea in making a special offering of these plants is that they may be brought to your attention and thus be sure that you have the opportunity of trying them in your own garden. We are also growing many other items that are not listed in this catalog and if you want a plant that we are not offering, write us, we may have it or be able to tell you where you may be able to get it.

American Holly

(Ilex Opaca)

We think there is nothing prettier than our native American Holly, especially when it is full of bright red berries, although its bright glossy foliage is beautiful all the year around. The plants we are offering are either grafted or grown from cuttings and are berry producing plants. 12 inch pot grown plants 75c each. 18 to 24 inch grafted plants B&B $2.50 each.

Chinese Holly

(Ilex Cornuta)

This shrubby Holly is of slow growth, reaching a height of 6 to 8 feet, and the spreading branches form a thick head. The thick, bright, shiny leaves are tipped with three stout spines at the apex and usually are armed with two at the sides. Our plants are from cuttings and are from berry-bearing plants. Pot grown plants, 8 to 10 inches tall at 75c each.

Koster's Blue Spruce

(Picea Pungens Kosteri)

Glorious in color, texture and shapeliness the Blue Spruce has few rivals. It is extremely hardy, adaptable to nearly all climates. Beautiful as a single specimen on the lawn, it is especially striking when planted with other evergreens where its rich color is brought out to perfection. Our plants are the true grafted Koster's of extra blue color, of magnificent form as their thick branches climb in even layers from a broad base to a tapering crown, with heavy lustrous foliage reflecting the most glistening silver and blue tones. No wonder that everyone so admires the beauty of a real Koster's Blue Spruce. Our price is especially low for this wonderful tree. 18 inch trees at $3.50; 2 to 3 feet trees at $7.50 each.

Franklinia Alatamaha

(Gordonia Alatamaha)

An exquisite tree indeed! It is most beautiful in its general landscape effect, with the first flowers opening in mid-August. The trees, even when very small, are abundantly starred with them until Jack Frost nips hard. The young leaves unfold a charming, delicate, bronzy red. At maturity they are 5 to 6 inches long by 1½ to 2 inches wide, a rich dark green with red veining. In autumn the whole tree blazes with rich, warm color. The flower buds are balls covered with whitish green satin. When as large as marbles they unfold. The guard petal retains its firm, spherical form, and from its shelter four other petals emerge. They are satiny snowy white, elaborately friled and pleated. The snowy, frilly chalice, 3 inches in diameter and of piquant irregularity, holds a sumptuous mass of the richest orange-gold stamens and breathes forth a delicate balmy fragrance. Price 12 to 15 inches $2.50 each.

Enkianthus Campanulatus

A charming ornamental shrub, with drooping racemes of short yellowish or pale orange flowers, veined darker. These with the brilliant red foliage in autumn, make this one of the most handsome shrubs for the greater part of the year. Flowers in May. 2 to 3 feet $1.00 each; 3 to 4 feet $1.25 each.

Sargent's Hemlock

(Tsuga Canadensis Pendula)

Sargent's Weeping Hemlock makes a flat topped shrub with wide-spreading branches drooping at the tips. It seldon grows more than 4 or 5 feet high, but spreads to an indefinite extent, and is most beautiful at all times. It is a slow grower and very scarce. 18 to 21 inches at $2.50 each.

New and Unusual Plants

Pink Wisteria

(Wisteria Chinensis Rosea)

This is the pink flowering variety of Wisteria Chinensis. Magnificent, strong growing vines. The flowers are borne in large, pointed clusters, with or before the leaves in spring. Strong 3-year grafted plants $1.50 each; 1-year plants 75c each.

Magnolia Glauca

(Sweetbay)

This is one of the most beautiful of our native trees. Grows 15 to 20 feet high, has bluish, glossy leaves, nearly white underneath and with us it is evergreen. Its native habitant is low, moist soils but we grow it on well drained soils where it seems to do equally as well. Produces delightfully sweet scented white cup-shaped flowers 3 to 4 inches in diameter in May and June. The red fruit pods showing the scarlet seeds are also very attractive. Nice 18 to 24 inch bushy plants $1.00 each.

Magnolia Soulangeana

This is one of the most beautiful of all flowering trees and is the Magnolia most generally planted. It makes a small many trunked tree with gorgeous shining foliage and, in early spring, produces enormous, pinkish-white flowers more or less purplish outside and slightly fragrant. Our price is only $2.50 for a 3 foot tree, and $3.50 for a 4 foot tree.

Pachysandra Terminalis

(Japanese Spurge)

A small evergreen ground-cover which forms a dense carpet. May be used for edging walks and beds, between evergreen shruubs or to cover the ground under dense trees where grass will not grow. It will eliminate much labor, as it needs no hoeing and will allow no weeds to grow. One year plants, $1.00 for 10; $7.50 per 100. Three year pot grown plants $1.75 for 10; $12.50 per 100.

English Ivy

(Hedera Helix)

A clinging vine for use on walls, fences, buildings, etc. Also good for growing under trees and in shady places and as a ground cover. A rich dark green color. Nice pot-grown plants 25c each; $17.50 per 100.

Hick's Yew

(Taxus Media Hicksi)

The Irish Yew is among the most highly prized of the Yew family but unfortunately it is not hardy in the north. Hick's Yew will answer in the place of Irish Yew for northern pantings, some like it even better while others do not like it as well. However, we will all agree that it fills a much needed place for a close, compact, upright variety whether in the northern or more temperate sections. It is a good, bright, dark green in color, grows well and is an exceptionally valuable plant. 2½ ft. trees at$2.50 each; 3½ ft. trees at $4.00 each.

Bush Arbutus

(Abelia Grandiflora)

This is one of the very best shrubs that we know of. Can be pruned freely, thus good for hedges as well as for planting singly or in groups, and will add a touch of beauuty all the year round. It is an evergreen with glossy, dark green foliage. In winter when affected by cold the leaves turn a beautiful shade of bronze and look as though coated with varnish. The flowers are white, funnel shaped, tinted with pink, delicately sweet scented and borne in clusters from May until late autumn. Price 18 to 24 inch 50c each; 2 to 3 feet 75c each; 3 to 4 feet $1.00 each. Special prices on large lots for hedges, etc .

Canadian Hemlock

(Tsuga Canadensis)

This Hemlock will give the softening touch to any planting. Handsome, dark green foliage, soft and fern-like. A wonderful tree for foundation groups as it shears easily; and a specimen left on the lawn to develop naturally will assume a tree of magnificence. Our plants of this variety have been sheared many times and are really perfect specimens. Price 2 feet $2.00 each; 3 feet $3.00 each.

Red Leaf Barberry

(Berberis Thunbergi Atropurpurea)

This very popular new shrub is the same as the ordinary Japanese Barberry except that the foliage is bright red in the spring, dull red in summer, and blazing scarlet in autumn. However to develop the best color it should be grown in full sunlight. 15 to 18 inch 35c each; 18 to 24 inch 40c each. Ask for prices on large lots.

New and Unusual Plants

Pieris Floribunda

(Mountain Andromeda)

A low, compact, evergreen shrub with small, dark green leaves. Young branches and leaf-stalks dull red and hairy. Pretty white flowrs borne in small, dense, upright panicles at the ends of branches. Nice plants grown in 3-inch pots 35c each.

Viburnum Carlesi

(Fragrant Viburnum)

Among early-flowering shrubs, this is Korea's great gift to our gardens. The round clusters of flowers, waxy in texture, are pink tinted in the bud and pure white when expanded, filling the air around with a fragrant clove scent. 18 to 24 inch at $1.00 each.

Nandina Domestica

(Heavenly Bamboo)

An evergreen Japanese shrub which grows well in either sun or shade and is not particular as to soil conditons if the drainage is good. The white flowers are produced in panicles and are followed by red berries. The new foliage is tinted with pink and in winter becomes a beautiful red color from the effects of cold. The plants will reach a height of 6 to 8 feet. 18 to 24 inch plants $1.00.

Golden Juniper

(Juniperus Communis Depressa Aurea)

This Golden Juniper is a real acquisition to the Juniper family. It is a medium low grower, with the superb foliage of the Juniper family, and a rich golden yellow color that is decidedly beautiful. In the rock garden, in foundation groups this golden Juniper is very attractive. 15 to 18 inch plants $1.25 each; 24 to 30 inch plants $2.50 each.

Pfitzer's Juniper

(Juniperus Chinensis Pfitzeriana)

One could almost call this an ideal dwarf evergreen plant. Feathery foliage of a light gray-green color, naturally developing a low, spreading form, broad and picturesque. Thrives in all sections where evergreens do well. We do not believe any evergreen can produce a better effect of refinement and good taste on the landscape than does this very hardy and very beautiful Pfitzer's Juniper. 18 to 24 inch $1.50 each; 24 to 36 inch $2.00 each.

Rose Rouletti

We predict that you are going to hear a lot about this unique little rose discovered in Switzerland by Mons. Correvon. Very dwarf grower, growing about 8 inches tall with tiny pink flowers. Plant it in your rock garder and use it to edge your flower beds. Nice plants from 5-inch pots $1.00 each; from3-inch pots 50c each.

Flowering Cherry

The Japanese Flowering Cherry trees are among the most popular and showy of all the flowering trees. Thousands go to Washington each spring to see the magnificent display these trees make when in bloom. We have the following four varieties in 6 to 7 feet trees at $3.00 each:

Fugenzo. Double; pink flowers.
Kanzan. Double; dark pink flowers.
Kofugen. Double; old-rose flowers.
Ojochino. Semi-double; large; pink.

The following variety 5 to 6 feet at the same price; $3.00 each.

Shogetsu. Double; large; pink flowers.

Blue Juniper

(Juniperus Virginiana Glauca)

Not only does the Blue Juniper have the grace and artistic habits of the Red Cedar, but it has the added charm of blue-tipped foliage in the summer, especially pronounced during the growing period. A splendid, hardy, upright Juniper. 2 to 3 feet heavy specimens $2.50 each. These are real nice plants that have been sheared many times and a bargain at this price.

Rose Daphne

(Daphne Cneorum)

Gray-green evergreen foliage, rose-pink deliciously fragrant flowers and a clean, neat habit make this garden gem a most appealing plant to any garden lover. Seems to thrive equally well in acid or sweet soil, in half shade or full sun. A splendid rock-garden plant. 9 to 12 inch 75c each; 12 to 15 inch plants $1.00 each.

Sweet Gum

(Liquidamber Styraciflua)

A rapid growing, native deciduous tree. Branches often cork winged. Leaves light green, five to seven pointed; in autumn brilliantly colored in shades of red and crimson. Makes a handsome shade tree and should be more generally planted. 6 to 8 feet $1.00; 8 to 10 feet $1.50.

New and Unusual Plants

Azalea Mucronulata

Large, rose-lavender flowers. One of the earliest to bloom. Deciduous. Hardy in New England. In pleasing contrast to the yellow Forsythia. 15 to 18 in. $1.50 each.

Azalea Poukhanensis

The rose-pink to rose-purple, fragrant flowers are produced abundantly in early spring. Deciduous, low, spreading habit. Hardy in New England. 12 to 15 in. $1.50.

Azalea Amoena Coccinea

A new hardy evergreen Azalea, equally as hardy as Amoena while in coloring it is a brilliant fiery red. One authority says it will displace Hinodegiri as it becomes better known. 8 to 10 inch at $1.00 each.

Azalea Hinodegiri

Probably the most popular Azalea. The flowers are brilliant scarlet produced so profusely as to completely cover the plant. Foliage round and deep green in summer, a bronze green in winter. 12 to 15 in. at $1.50 each.

Korean Chrysanthemum

A remarkable new hardy Chrysanthemum from Korea. Forms fine large clumps 2 to 3 feet in diameter and height. The large, white flowers have golden centers resembling a glorified Oxeye Daisy, the petals often turning to a light claret-pink. It blooms in the greatest profusion in early October to early December. Of easy culture, thriving in any good garden soil. Good for cutting, will keep in room ten days after cutting. There is nothing quite like it for late fall. Nice heavy plants 25c each, 3 for 50c, $1.50 per dozen.

Meyer's Juniper

(Juniperus Squamata Meyeri)

Here is an evergreen entirely different from any other we have ever seen. It has a delightful irregularity of outline that draws attention immediately. The handsome foliage is thick, pointed and prickly, and of a rich shining blue color. Sometimes in the sunlight the color will be a distinct mauve, sometimes a deep green, or even a silvery reflex—a beautiful study in color harmony. In borders or foundation groups it gives superb contrast. Rich, unusual colors and unique form make this one of the most fascinating of all evergreens. 15 to 18 inch $1.50 each.

Pink Dogwood

(Cornus Florida Rubra)

A small deciduous tree, with spreading, bushy top and bright green leaves. The flowers, with their large, pink or red bracts appearing in spring before the leaves, make this Dogwood one of the most striking ornamental trees. The showy, bright scarlet fruit ripens in autumn, making it very attractive at this season. 2 to 3 feet $1.25; 3 to 4 feet $1.50.

A New Lily

PHILIPPINENSE FORMOSANUM

A charming Lily with very long trumpets, translucent snowy white except for a slight purple suffusion on the reverse. Has a pleasing fragrance. It is a fine pot species and is also hardy outside. Has survived many Maine winters without protection. It grows so quickly that it has been called "The Annual Easter Lily" for it will flower in eight months from seed under good conditions. A late bloomer not usually coming into bloom until August. 2-year blooming size bulbs:$1.00 for 10; $8.00 for 100.

Helpful Books

PLANT CULTURE. By Oliver and Hottes. Concise information on how to grow all kinds of annuals, perennials, shrubs, etc. With full instructions on the best methods of propagation of each kind. 442 pages, 131 illustrations. **$3.65, postpaid.**

Sweet Corn

For several years we have been growing what we believe to be the very finest Sweet Corn there is. It is an early midseason variety; vigorous and productive. The ears are 7 to 9 inches long with 12 or 14 rows of closely set beautiful pearly white grains. The kernels are arranged neatly in straight rows which give them a particularly attractive appearance and make it easy to eat from the cob. The kernels are deep and contain a large quantity of delicious sweet pulp beneath the thin tender skin. If you want corn for your own family use we know you will agree with us that this cannot be beat; if you grow corn to sell we know you will not have any trouble keeping your customers when they have once tried this delicious corn. **One-half lb. 25c; one lb. 40c; 5 lbs. $1.50, postpaid.**

Old English Boxwood

You all know about the Old English Boxwood George Washington planted around Mount Vernon and no doubt have wanted some of it. Well, now you can get it in any quantity you may want. We are growing over 100,000 in all sizes from little rooted cuttings to plants about two feet tall and about the same width. We make this one of our specialties and can furnish it at very low prices. We are only offering it here in two sizes but will quote on other sizes if you will tell us what you want.

It Is A Pleasure To Deal With Us

Clayton, Mo., Sept. 24, 1933. My peony order arrived safely and in excellent condition. If they do not grow and bloom I am sure it will not be your fault. It is a pleasure to deal with a house which acknowledges its orders so promptly and fills those orders with such fine looking roots. I hope to buy more next year. Mrs. O. K. Bovard.

Received Other Shipment O. K.

Palmyra, Pa., Oct. 10, 1933. Enclosed find check for which send 50 Boxwood Suffruticosa. Received the other shipment O. K. Edwin F. Cassel.

Well Pleased, Sending Another Order

Hatfield, Pa., May 6, 1933. Send me the following strawberry plants. Am well pleased with the other plants you sent me. J. E. Dettra.

So Well Pleased, Another Order

South Richmond, Va., April 28, 1933. I received my nursery stock all O. K. a few days ago, and am so well pleased with them that I am sending you another order. B. H. Woods.

Gladiolus

We are offering below 10 of the newest and recognized as the very best Gladiolus selected from a list of several hundred varieties. You should have some of these this year. you will be pleased with them we know.

3 for 15c; 10 for 40c; 100 for $3.00, postpaid.

GIANT NYMPH. Very large, light pink with a creamy throat.

CAPTAIN BOYNTON. Large flower; color, white suffused lavender, blotched deeper lavender in throat.

GOLDEN DREAM. A very fine deep, pure yellow; Considered by many as the best yellow.

GOLDEN MEASURE. Golden-yellow, extra large flowers on a tall spike.

HALLEY. A most attractive early blooming sort with large, well opened flowers of delicate salmon-pink.

W. H. PHIPPS. La France pink, overlaid with light rose-salmon. Lighter toward the center with slightly speckled ruby markings.

PEACE. Giant white flowers with lilac feathering in throat.

DR. NORTON. One of the finest cream and pinks.

LOS ANGELES. Salmon-pink, large, early. A very fine flower.

ODIN. Salmon color with dark blotches; early.

MIXED VARIETIES. An assortment of good sorts that have become mixed in growing or handling. We are offering these mixed ones at 10 for 25c; 100 for $1.60, postpaid.

Hardy Orange

Citrus Trifoliata. Here is a great novelty. While the fruit is not good to eat it is worthy a place in your yard or garden as an ornamental tree. The tree is a bright green in color, flowers are very attractive and the fruit which is a little larger than a walnut just finishes the tree off. Is hardy as for north as New York State. Get one and have something different to show your neighbors and friends. Grows 12 to 15 feet high. We will send you a little tree 15 to 18 inches tall for 50c, postpaid. Grows rapidly.

Thanks For Extra Plants

Newtown, Pa., April 25, 1933. Received the plants in fine order and they are looking fine. Thanks for the extra plants. Mrs. Herbert J. Randall.

Every Plant Growing Nicely

Downington, Pa., April 19, 1933. The strawberry plants arrived in good shape. Every plant is growing nicely. Here is another order which send to Mrs. Darlington. Thomas Hadfield.

So Long Till Next Season

Pittsboro, N. C., May 16, 1933. Stock arrived. I like it fine. So long till next season. J. R. Copeland.

Ornamentals, Evergreens, Peonies, Etc.

We are growing about 100 acres of Ornamental Trees, Shrubs, Evergreens, Peonies, etc. and have a special catalog for these things. If you are going to plant some of these items we wish you would ask us to send you one of these catalogs, or if you can come and see our stock we believe you will feel amply repaid for the trip.

A good many truckers have found that it pays them to grow Peonies as a cut-flower to sell in connection with their fruits and vegetables. There is a big demand for the flowers around Decoration Day as well as at other times. If you are interested in a little extra income, let us send you our Peony catalog. We are growing over 20 acres of Peonies.

JAPANESE BARBERRY

The Japanese Barberry is a beautiful plant with drooping branches, spoon-shaped leaves, with foliage a beautiful shade of green in summer. From autumn until early winter the leaves are a rich crimson and the branches are loaded with scarlet berries. Even in winter it is very attractive as the berries stay on and the closely interwoven branches are thickly set with spines and never grow bare. We cannot recommend this hardy Barberry too highly for hedge planting as well as for planting singly or in clumps to itself and is also good when planted in with other plants. It protects evergreens from dogs. The Japanese Barberry is not subject to rust and may be used in any state. Should be planted 9 to 18 inches apart.

2 yr., 6 to 9 in.	$0.40	$3.00	$20.00	4 yr., 12 to 18 in.	$1.00	$7.50	$60.00
2 yr., 9 to 12 in.	.65	5.00	35.00	4 yr., 18 to 24 in.	1.25	9.00	75.00

You Must Have Good Plants

The matter of buying your plants may look like a small matter, but it is an important job because so much depends upon the right kind of plants. No matter how valuable your land; no matter how much you weed, dig, hoe or cultivate; no matter how deep you plow, how much you disc and harrow or rake your garden; now matter how much the sun shines, or how much rain you get, or how much you irrigate or water your garden; no matter how ideal the weather conditions may be or how much you fertilize or manure your soil—and every one of these things represent real money—they are all lost, all wasted, all your efforts count for nothing if in the first place you do not have the right kind of plants or other stock to put in the soil.

As Moist As When Shipped

Newark, Del., Oct. 2, 1933. My order received promptly and was satisfactory. The plant roots were just as moist as when shipped.
Mrs. G. W. Eastburn.

The Plants Were Wonderful

Ozone Park, N. Y., October 5, 1933. The stock arrived in best condition. The plants are wonderful. Please send me the following. T. Wanek.

Mighty Fine, Wants More

Hammonton, N. J., October 5, 1933. The Boxwood arrived O. K. and was mighty fine. I want 1000 more by freight. Hugo Kind.

A SPECIAL REQUEST

We are making a special request that each one who receives this little catalog send us an order, even if only for a small amount. We are so sure our stock will please you that if we can only induce you to give us a trial order, we believe we will get a good share of your future orders. We realize there is no advertisement like a satisfied customer. We are looking for customers and we will try hard to satisfy you.

He Likes Our Strawberry Plants Too

Phoenixville, Pa., October 18, 1933. Received the strawberry plant and they looked very nice. I was very much pleased with them. Harry K. Ott.

Received In Perfect Shape, Well Pleased

Peach Bottom, Pa., Received the Grape vines in perfect shape. Well pleased with them. Thanks.
Elijah R. Bickner.

To Wisconsin In Good Condition
